

ALL CLEAN BATHROOM CLEANER- SPRAY

Achieve a sparkling clean and fresh bathroom effortlessly with our specially formulated Bathroom Cleaning Spray. For best results, use as part of your regular cleaning routine.

Directions for use:

Spraying:

Shake the bottle well before use.

Hold the spray bottle about 6-8 inches away from the surface to be cleaned.

Spray the cleaning solution evenly on the targeted areas, covering surfaces such as countertops, sinks, faucets, tiles, and shower walls.

Tough Stains:

For stubborn stains, let the solution sit for a few minutes to allow the cleaning agents to penetrate.

Use a soft-bristle brush or sponge to gently scrub the stained areas.

Glass and Mirrors:

For glass surfaces and mirrors, spray the solution directly or on a clean, lint-free cloth.

Wipe the surface in a circular motion for a streak-free shine.

Rinsing:

For surfaces that come into direct contact with skin, like countertops, rinse thoroughly with water after cleaning.

Use a damp cloth or sponge to wipe away any residue.

Caution:

Avoid use on sensitive areas. Do not use on natural stone surfaces, as some cleaning agents may damage them.

Avoid contact with eyes. If contact occurs, rinse immediately with plenty of water.

Frequency:

Use regularly for maintaining a clean and hygienic bathroom environment.

Adjust the frequency based on the level of usage and cleanliness preferences.

Storage:

Store the bottle in a cool, dry place, away from direct sunlight.
